

7.1.9 Differently abled (Divyangjan) friendliness

Resources available in the institution

1) Physical facilities :- YES

Wheel chair: - It is a chair with wheels, used when walking is difficult or impossible due to illness, injury, or disability.

Stretcher: - A stretcher, litter, or pram is an apparatus used for moving patients who require medical care.

2) Ramp / Rails:-YES

A ramp is a sloping surface connecting two areas of different levels. Ramps are used instead of staircases in some buildings for use by people who move about in wheelchairs or to be carried on stretchers. A road that leads on to or off from a main road is also a ramp.

RAMP 1

RAMP2

3) Rest Rooms:- YES

In our Institute twos rest rooms are available for both male & female students.

4) Scribes for examination:- YES

Clearly an exam in which a scribe is used takes longer, and as a guideline 25% extra time should be given. If at all possible, there should be some time prior to the exam for the student and scribe to negotiate the points above, especially if they have a visual impairment.
